XBLUE Vivid Light™ High definition blue and green LEDs

One touch record of live phone conversations

Every 45p telephone is an exceptional quality speakerphone and provides an easy to read 3-line interactive LCD display.

Use the eye-catching blue LCD interactive buttons to review Caller ID information or to queue on a busy line or telephone.

And, to make the telephone the easiest to use in the industry, the helpful navigation keys let you scroll through and easily access the 45p's abundant feature offering.

Add the Small Business Voice System with its Email Delivery feature and send a copy of your voice mail messages directly to your email. Then listen to voice mail messages and read email all from one unified spot, your email inbox!
